¹) Additional time is allowed for ESL candidates. Please see The Open Group examination information pages at http://certification.opengroup.org/examinations/#ESL.
²) Note that the Appointment Length is usually the Time Limit plus 15 minutes. It includes the time needed to register at the test center, review the instructions, read and accept the NDA, as well as the time to take the exam.
³) The Open Book only applies to the Part 2 Exam and is provided built into the exam on the REFERENCE button.

Candidate Advice

1. **ESL** = English as a Second Language

2. **Exam Duration**: When booking, the Appointment Length quoted in your confirmation notification includes additional time for registration, tutorial and acceptance of the NDA. Please refer to the above table for the appropriate allotted exam time. The time limit for an examination is displayed at the start of the examination, and also as a countdown timer while taking the examination.

3. To register to take the exam visit http://certification.opengroup.org/take-exam/.
4. If English is not your first language and you would like to take an English language examination, visit http://certification.opengroup.org/examinations/#ESL for information on the ESL (English as a Second Language) Time Allowance.

5. When booking your examination, if you have a voucher code that is not being accepted, firstly ensure that you are entering the exact code as distributed – we recommend that you cut and paste the code; secondly ensure you have selected the correct exam type as vouchers are exam specific. An exam voucher code can only be used once. If you plan to reschedule an examination you must cancel the existing appointment otherwise the appointment will be classified as a no-show and the voucher code will be used (see note 14). The exam must be taken prior to the expiry date of the exam voucher code. It is not possible to extend the validity of a voucher code.

6. For further details about The Open Group examinations, including pass marks, see http://certification.opengroup.org/examinations

7. **Exam Results**: Usually you will receive notification of your pass or fail status within a few minutes of completing your exam in the form of a printed score report from the test center administration staff. You can also access your score reports online within The Open Group portal at Pearson VUE. Occasionally, if a score report is unable to be printed then you will only receive the electronic copy. If your result is shown as pending this indicates that Pearson VUE are still to generate the score report, and this may take a few hours. To obtain an electronic score report, login using your Open Group login credentials and follow the instructions on The Open Group website at: https://certification.opengroup.org/take-exam. Once logged in at Pearson VUE, you will find a link to "View Score Reports" on the right hand side of the page under "My Account".

8. **Exam Resource Materials**: The Part 2 examinations and the second part of Combined Part 1 and Part 2 examinations include access to an electronic copy of the relevant standard which can be referred to during the appropriate part of the examination. For a Part 2 exam, the resource material is available throughout the examination. For a Combined Part 1 and Part 2 exam, the resource material is only available in the second section of the examination. The resource material is built into the examination and made available using the REFERENCE button within the examination (and this is explained in the tutorial available at the start of each examination).

9. **Displaying the Open Book Text**: At Pearson VUE test centers, exam delivery is over the Internet, and so time to download can vary based on the internet connection speed. It should be noted that due to the limitations on monitor size and screen resolution you may need to use the magnification button within the PDF reader to adjust the size of small text within diagrams (see Appendix A for further information).
10. If you encounter technical problems when taking your examination, please raise them with the test center at the time of attendance, and obtain an incident number. If an incident has impacted your testing you should inform the proctor during the examination and request they extend your examination time.

11. If you fail the examination and you had received an exam voucher as part of attending an Accredited Training Course you should contact your Accredited Training Course provider to obtain a retake voucher. You will need to supply them with your candidate number, the date of the examination, and a copy of your examination score report.

12. If you fail the examination and had taken the Self Study route and booked direct with Pearson VUE, you should contact The Open Group to obtain a discount voucher code by sending a copy of your score report to exam-vouchers(at)opengroup.org. Please note that it will take at least 14 days for a discount voucher code to be issued.

13. Please note that the earliest you can retake an examination is one month after the first examination.

14. If you fail to appear for your appointment at the test center, you will be classified as a no-show. If you need to reschedule your appointment, you should do so using the Pearson VUE online system, accessed by logging in to your Open Group account at https://certification.opengroup.org/take-exam. You must reschedule at least 48 hours prior to the existing appointment time. If you have questions about rescheduling or canceling an examination contact Pearson VUE Customer Service at http://www.pearsonvue.com/theopengroup/contact.

15. After you have taken the examination(s), your results are passed to The Open Group for processing. You will be contacted by email within six working days with information on how to complete your certification. Further information on the process for completing certification is available from The Open Group website at https://www.opengroup.org/certifications/faqs.

16. Certificates are available once certification has been completed and are available in electronic form only (PDF).

17. A Combined Part 1 and Part 2 exam only leads to Level 2 certification. The exam consists of two sections, with pass marks as per the Part 1 and Part 2 examinations. You must pass each section in order to obtain an overall pass mark. If you fail a section then no certification is awarded, however you only need retake the examination(s) corresponding to the failed section(s). For example, if you fail Part 2 of the TOGAF 9 Combined Part 1 and Part 2 exam (OG0-093), you would only need to retake the TOGAF 9 Part exam (OG0-092) exam. In all
cases, you will need to wait at least one month before you are allowed to retake an examination.

18. The Open Group is unable to assist in scheduling, rescheduling or canceling examinations; all queries must be made directly with Pearson VUE at http://www.pearsonvue.com/theopengroup/contact.

19. Renewing Certification: There is no renewal required once you have obtained an Open Group exam-based certification (e.g., TOGAF 9, ArchiMate, IT4IT, Open FAIR).

20. Open Badges: The Open Group issues Open Badges for all its certifications. Badges are issued within 7-10 days of a certification being completed. Upon a first certification you are required to opt-in to the Badging program. For more information see http://www.opengroup.org/certifications/openbadges.

21. Exam Intellectual Property: All exam content, including the items, options, and correct responses, is the intellectual property of The Open Group. You are required to agree to a non-disclosure agreement before you can take an Open Group exam.

22. Cheating: If you are found to have cheated by any means, including accessing Brain dump sites, you will be disqualified from taking any exam required for any Open Group certification and decertified.

23. Sharing Questions or Answers with others: The NDA you accept when taking an exam (see item 20) specifically prohibits sharing information from the exam. If you are found to have discussed exam content with others, be it in person or on online forums, you will be disqualified from taking any exam required for any Open Group certification and decertified.

24. Official Practice tests: The official practice tests are available from The Open Group (https://shop.opengroup.org) and its Accredited Training Course providers. The Open Group does not endorse any third party practice tests.

25. Decertification: If you are decertified, we may also report the incident to your employer.

26. Useful URLs: A summary of useful resources for preparing and completing your certification.

Appendix A – Open Book Examinations at Pearson VUE

The Pearson VUE Athena browser solution is used for exam delivery. This delivers all content over the internet direct from the Pearson VUE servers. This offers additional security, however does mean that load times depend on the internet connection speed. A generic tutorial for the Athena browser is available at: http://www.pearsonvue.com/athena/static/started/index.asp

The Open Book reference text within Open Group exams is invoked by selecting the Reference button. A pop up window will then appear with a limited functionality pdf browser.

An example is shown below for the TOGAF Standard, Version 9.2 open book.

You can switch the bookmarks on and off – these can be used to navigate as an alternative to paging through or selecting a page number at the top.

You can use the +/- to adjust the magnification – this can be used if you need to view the fine print in some diagrams.

You can also search icon to search for words in the pdf text.
Appendix B – Scratch Pad

In the scratch pad you can write notes for your own use. It will close when you move to the next question, but the text will still be there if you reopen it. The notes will be wiped at the end of the exam.
