

## TOGAF® Enterprise Architecture Foundation

---

The TOGAF Enterprise Architecture Foundation certification provides validation that an individual has the basic knowledge and understanding of the Enterprise Architecture using the TOGAF approach, sufficient to be able to contribute to an architecture project or work with the results.

The learning objectives at this level focus on knowledge and comprehension.

### Competencies

---

Certified individuals will have the following competencies:

- A common language with TOGAF practitioners
- A basic understanding of the TOGAF approach for Enterprise Architecture, including Agile delivery and application in a Digital enterprise
- The prerequisite qualification for becoming a TOGAF® Enterprise Architecture Practitioner

### Target Audience

---

- Individuals who need a basic understanding of a proven Enterprise Architecture methodology
- Professionals who work for or join an organization applying the TOGAF Standard
- Individuals who need to start to learn the TOGAF method
- Individuals who want to achieve the TOGAF® Enterprise Architecture Practitioner qualification in a stepwise manner, or other certifications and certification credentials from The Open Group where this certification is a prerequisite

A prior knowledge of Enterprise Architecture is advantageous but not required.

### The Value of this Certification

---

Certified individuals will have demonstrated their understanding of:

- The concepts of Enterprise Architecture and the TOGAF Standard
- The key terminology of the TOGAF Standard
- The Architecture Development Method (ADM) cycle and the objectives of each phase, and how to adapt and scope the ADM for use
- The techniques available to support application of the ADM

- Applying the ADM, including use of iteration, partitioning, and application in a Digital enterprise
- How Architecture Governance contributes to architecture development
- Architecture content — the outputs produced while executing the ADM

## Examination

---

Certification is only achieved by passing the examination.

Examination Name	TOGAF Enterprise Architecture Part 1
Examination Type	Multiple-choice examination 40 questions/60 minutes
Pass Mark	24/40 (60%)
Supervised	YES
Open Book	NO
Delivery Options	At your home or in your office using Pearson VUE OnVUE delivery. Pearson VUE test centers.

## Prerequisites

---

Certification is open to all applicants – there is no requirement for any previous certification.

## Study Track

---

Candidates may choose how they wish to study for this certification, including training course attendance or by self-study. Courses will be available from The Open Group Accredited Training Course Providers.

## Certification

---

The Open Group publishes the definitive directory of certified individuals, and issues certificates and Open Badges.

The duration of certification is indefinite – certification is to a given version of the Body of Knowledge and does not expire, so there are no re-certification or renewal requirements.

## Next Steps

---

Candidates may choose to:

- Study for the higher-level TOGAF® Enterprise Architecture Practitioner qualification
- Study for the TOGAF® Digital Specialist certification credential
- Study for the TOGAF® Agile Specialist certification credential
- Earn TOGAF Role-Based Badges to demonstrate complementary knowledge and skills
