

TOGAF® Enterprise Architecture Practitioner Bridge

The TOGAF Enterprise Architecture Practitioner certification provides validation that an individual has the knowledge, comprehension, and ability to analyze and apply the TOGAF Standard to developing, sustaining, and using an Enterprise Architecture. The learning objectives at this level focus on application and analysis in addition to knowledge and comprehension.

The purpose of this bridge learning path is to enable individuals who are TOGAF 9 Certified to obtain TOGAF Enterprise Architecture Practitioner certification. The bridge option exists to recognize the existing investment in TOGAF certification for individuals who have achieved the TOGAF 9 Certified qualification.

Competencies

Certified individuals will have the following competencies:

- Know how to apply the TOGAF approach to transform and manage change
- Know how to apply the TOGAF method
- Know how to apply TOGAF techniques

Target Audience

- Individuals who are TOGAF 9 Certified who wish to update their qualifications as part of their professional development, and demonstrate their ability to apply Enterprise Architecture

The Value of this Certification

Certified individuals will have demonstrated their understanding of:

- The key changes in the TOGAF Standard
- The context within which an Enterprise Architecture practitioner must operate
- How to apply the stakeholder management technique
- How to implement the Architecture Vision phase including its applicable techniques
- How to implement the Architecture Development Method (ADM) Phases B, C, and D to develop an architecture, together with the applicable techniques
- How to implement the ADM Phases E, F, and G to implement an architecture, together with the applicable techniques
- How to support the ADM work

Learning Studies

Accredited Training Courses include the *TOGAF® Enterprise Architecture Practitioner Learning Studies* as a mandatory element of the training. Candidates who become certified, who also satisfactorily complete these learning studies will in addition earn *The Open Group Certified: Applied TOGAF®*

Enterprise Architecture Practitioner Open Badge to reflect their ability to analyze and apply Enterprise Architecture.
